

NOTE.—This drawing was approved by joint action of the Air Force and Navy Departments as an Air Force-Navy standard for this product. This drawing supersedes all collection standard drawings for this same product and shall become effective for the procurement of aerometrical supplies, for use in new designs, not later than six months after the latest date of approval shown.

NOTICE OF COMPROMISE OFFER.—When Compromised drawings, specifications, or other data are used for any purpose other than in connection with a definitely related invention, the United States Government thereby incurs no responsibility, nor any obligation whatsoever, and the Government hereby disclaims any right or authority in relation to any such use. Any such use of the data is not to be regarded as an endorsement, approval, or recommendation of the views or opinions expressed, or as an acknowledgment of the standard or quality of any material, process, or procedure, or as a warranty or representation of any kind, by the Government. Any such use of the data is not to be regarded as an endorsement, approval, or recommendation of the views or opinions expressed, or as an acknowledgment of the standard or quality of any material, process, or procedure, or as a warranty or representation of any kind, by the Government.
