- (1) before an exporter first exports Schedule 1 goods under this Licence, they shall have informed the Secretary of State of their intention to export Schedule 1 goods under this Licence, specifying the name of the exporter and the address at which copies of records of their export may be inspected under condition 3(6) below;
- (2) the exporter shall make and maintain all necessary arrangements (including all necessary security arrangements) and shall at all times retain sufficient control of the Schedule 1 goods to ensure that they are safely returned to the UK within three months of the date of the export; and shall not transfer ownership of the Schedule 1 goods or any interest in them or take any other action which may have the result of impeding or diminishing the exporter's power to ensure the safe return of the Schedule 1 goods to the UK.
- (3) except when being directly transported to any country to which they are authorised to be exported under this Licence, or when being directly returned to the UK, the Schedule 1 goods shall not be removed from the country where they are for the time being situated.

- (4) the exporter shall provide the Secretary of State with confirmation of the return of the Schedule 1 goods.
- (5) Commercial export documentation accompanying the Schedule 1 goods shall include a note stating either:
- (a) "the goods are being exported under the OGEL (Vintage Aircraft)"; or
  - (b) the SPIRE reference (in the form 'SPIRE reference GBOGE 20XX/XXXXX') of the exporter's registration in respect of this
- Licence, which shall be presented to an officer of UK Border Agency if so requested;

Without prejudice to article 34 of the Order, failure to comply with this condition may result in this Licence being revoked or suspended until the exporter can show compliance to the satisfaction of the Export Control Organisation ("ECO"). The exporter will be notified in writing of any such suspension or revocation and the initial period

of such suspension or revocation. Where at the end of this initial period, the exporter has not shown compliance to the satisfaction of the ECO, the period of suspension or revocation may be extended. ## EXPLANATORY NOTE

(This Note is not part of this Licence)

This Open General Export Licence has been amended to reflect the new reporting process in connection with the Transparency Initiative..

2. This Licence permits, without further authority but subject to certain conditions, exportation to EU destinations, for a period not exceeding 3 months, of aircraft manufactured 50 years or more before the date of exportation.

3. An exporter who exports goods under the authority of this Licence must before their first exportation under the Licence, inform the Secretary of State of their intention to export goods under this Licence and of the address where copies of the said records may be inspected.

This notification must be made via the Export Control Organisation's ("ECO") electronic licensing system, SPIRE, at [www.spire.bis.gov.uk](http://www.spire.bis.gov.uk).

4. The Secretary of State has the power to suspend or revoke licences at any time and in such circumstances and on such terms as he thinks fit. If an exporter receives written notice to this effect, they will be prevented from relying on this Licence. The power to suspend may be used in addition to criminal prosecution or as an alternative. Suspension may occur for example where an exporter is being investigated or prosecuted in relation to a possible criminal offence, or has been found guilty of a criminal offence under the export control legislation. It may also be used in situations where an exporter has breached the conditions of this Licence and failed to take corrective action within a reasonable period (see condition 3(8)).

5. Where, the ECO identifies failures in compliance with licence conditions or the legislation during a compliance visit, the ECO may send a warning letter to the exporter listing the improvements that need to be made to ensure compliance. The letter will set out the timeframe within which these improvements must be completed. Failure to complete these improvements may lead to the exporter's ability to use the licence being suspended for a period of time.

6. The exporter may apply for Standard Individual Export Licences during the period of suspension. Suspension will not automatically prevent the exporter from using another OGEL so long as the exporter meets all its terms and conditions and has not received a letter suspending or revoking their ability to use that licence.

7. The provisions of this Licence only apply for the purposes of the Export Control Order 2008 and the Export of Objects of Cultural Interest (Control) Order 2003. They do not affect the need to obtain other consents that may be required for the export of particular military goods, whether under other statutory provisions (such as the Official Secrets Act 1989) or otherwise (such as under contractual obligations). In addition, this Licence does not extend to prohibitions in other legislation implementing United Nations sanctions.
